

GUIDELINES FOR INDOOR WORSHIP

Revised April 12, 2022

- Face masks are now optional. Worship sign-in is suspended.
- Masks are still recommended for those who have health issues or prefer that extra layer of protection.
- Worshipers are strongly encouraged to be fully vaccinated and boosted before attending in-person worship or other activities.
- Those with symptoms of COVID-19 or who have been in contact with someone with COVID-19 are asked not to attend in-person worship.
- Anyone who is at high risk of COVID-19 is strongly encouraged to continue participating through our online worship services.
- We are hopeful that new variants will remain under control. If not, the mask policy will be adjusted as dictated by changing congregational and community health conditions.
- Care of neighbor continues to be our guiding principle as we seek “to care actively in the name of Jesus Christ” by taking necessary precautions.
